1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1 and 6-12 were canceled due to election without traverse on 8/13/2004.

***EXAMINER'S COMMENT***

2. The Notice of Allowance is responsive to applicant's amendment filed 9/8/2006. The amendment and arguments, see pages 6-7, filed therein has overcome the rejection of claim 13, under 35 USC 103 (a) mailed on 5/8/2006. Therefore, the rejection of claim has been withdrawn.

3. The following is a statement of reasons for the indication of allowable subject matter:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest a sealing means incorporates a toroid cell which comprises a sealed, non-inflating bladder entirely filled with one of a liquid and a gel to prevent substantial leakage of gas from a body cavity on inflation of the body cavity when the sealing means is in an inoperative position and formed to mould about a substantial portion of a surgeon's hand on insertion in an operating position.
